Dear Steven,

I've never met you. But a reporter and on September 11 I lost your dear [illegible] Jr. Alba and leaves. I also met Carter, Jessica's fiancé. I never [illegible] I feel as if I know them all. Basically, you're the Dad I always wished I had. I don't want to be [illegible] when Steven was talking about how you treated [illegible] deserve to [illegible] children, how you supported him when he decided to [illegible] when he failed, when I looked at your pictures and when Alba said that [illegible] with gold stars, with smiley faces, with [illegible] I realized [illegible] well, that's when I lost all the respect I had for [illegible] integrity means when multiplied many orders of magnitude. All the tattoos [illegible] and daughters and sons. All the good people like you.

I don't know where you are, Steven. I don't know if I'll ever meet you. But I [illegible] about little Travis about you. I'd like to imagine that you could have a chance [illegible] Alba. Pray for what we become every day. And [illegible] and sometimes [illegible] [illegible] towards resolve. And stand in defiance in times of catastrophe and [illegible]

[illegible] I'm not [illegible] religious. Religion, to me, has always meant [illegible] But I believe that I wrote this and you'll read this and [illegible] [illegible] and a reason [illegible] [illegible]

### Entrance Anthems

Plainsong, Mode VII

I am Resurrection and I am Life, says the Lord
Whoever has faith in me shall have life,
even though we die.
And everyone who has life,
and has committed himself to me in faith,
shall not die for ever
As for me, I know that my Redeemer lives
and that at the last he will stand upon the earth
After my awaking, he will raise me up.
and in my body I shall see God.
I myself shall see, and my eyes behold him
who is my friend and not a stranger.
For none of us has life in himself.
and none becomes his own master when he dies.
For if we have life, we are alive in the Lord.

*you were a comet*

I didn't know
I thought you were a star
a constellation
a planet
fixed and dependable
you would always be there
shifting location slightly
from season to season
but never lost to view

I was guided by your position
everywhere I went
oriented by your existence

I only learned the truth
after the fact
when your trail was cold
and only specks of minerals were left in your wake

you were a comet
and it was your passage that I witnessed
uncomprehending
not paying enough attention to every moment
it never occurred to me they were numbered
finite
and would come to an end

I am left with just one question
and it can only be answered by God

just what part of forever
did you not understand?

Born November 20, 1973

**FIREMAN'S PRAYER**

When I am called to duty, God, wherever flames may rage, give me strength to save some life, whatever be its age. Help me embrace a little child before it is too late, or save an older person from the horror of that fate. Enable me to be alert and hear the weakest shout, and quickly and efficiently to put the fire out. I want to fill my calling, and to give the best in me, to guard my every neighbor and protect his property. And if, according to my fate, I am to lose my life, please bless with grace protecting those my family and friends.
